PETITION FOR
WITHDRAWAL FROM ISSUE
GROUP 230

Applicant respectfully petitions pursuant to 37 CFR 1.313 that the above application be withdrawn from issue in order that applicant may have adequate time:

1. To amend the title which was inaccurately amended by the Examiner without applicant's consent; and
2. To amend the drawings in accordance with the missing "attached drawing" referred to in Line 10, Page 2 of the attachment to the Notice of Allowance mailed March 8, 1991.

The title as amended by the Examiner may unduly limit the scope of the invention in that the amended title now includes the following limitations entirely absent from one or more of the allowed claims:

- a) "LANGUAGE"
- b) "IMMEDIATELY"
- c) "COMPILER"

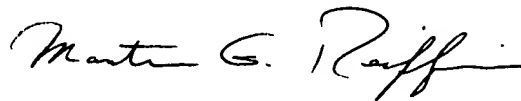

The alleged "attached drawing" was missing from the papers accompanying the Notice of Allowance.

It is further respectfully requested that the missing "attached drawing" be mailed to applicant promptly in order that applicant may determine what drawing changes are required.

Applicant was unable to file this petition sooner because applicant has resided for most of the past two months at his winter home in southern California whereas the Notice of Allowance was sent to applicant's primary home in northern California.

Respectfully submitted,
